BE IM MODE RATE

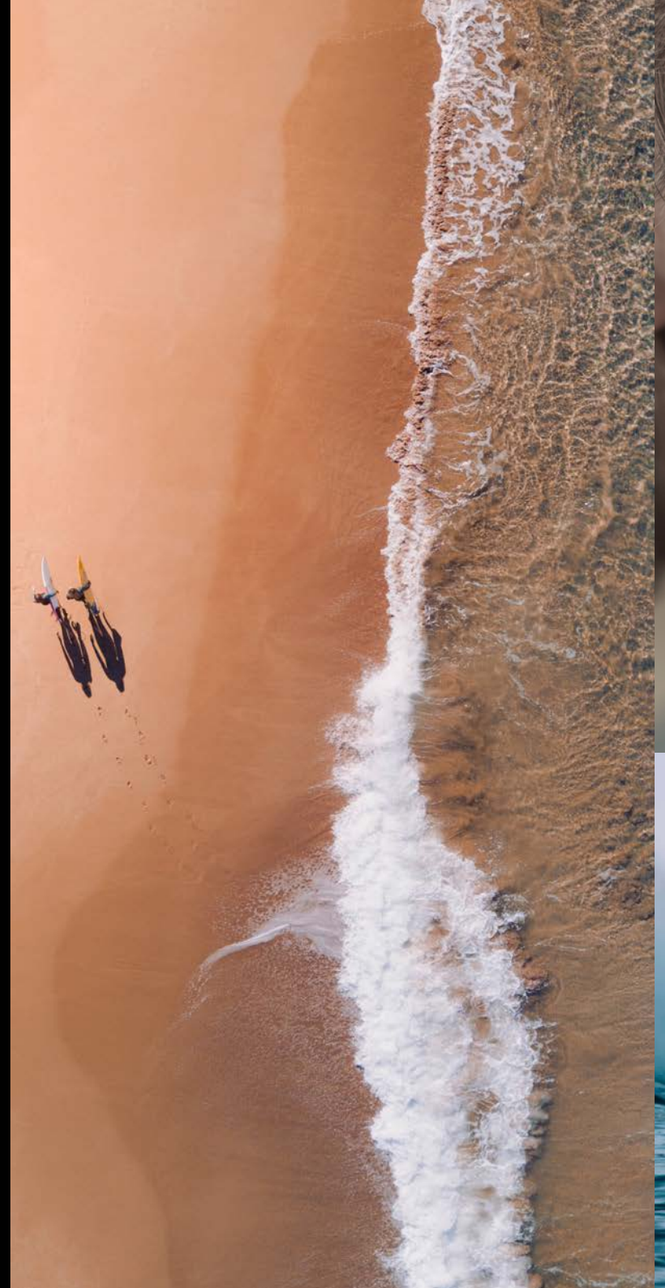

GENESIS

The world is changing. Generations of sailors follow one another and their dreams evolve.

Our raison d'être is to constantly imagine, to make your dreams come true.
Our aim is to build boats.

It was time to innovate. We formed a team, talked about lifestyle, sailing, anchoring, watersports, seakeeping qualities, interior living space and materials, the first sketches followed, the EXCESS brand was born.

VISION

Setting sail today is the result of new approaches and desires. We wanted to create a brand with an assertive and qualitative personality, a brand that breaks with the codes of traditional sailing.

EXCESS embodies sportsmanship and modernity.

We wanted to leave behind habits and codes, give life to new atmospheres.
The design team has imagined boats with a strong personality: sophisticated, balanced and refined.

THE SPIRIT

Buying a catamaran should no longer be restricted to choosing between comfort and performance.

We have reinvented the whole sailing experience. The twin helm station aft, the vision and sensations it offers, the rig, the hulls, life on board, the materials, everything has been designed to suit this new way of leaving on the water.

An EXCESS is a modern, aesthetic, efficient boat, in line with your vision, your needs. We wanted a catamaran that suits you.

MANIFESTO

To all of those who live with a passion
Those who are exhilarated by the present
Those who do away with diktats and compromises
Those who get a buzz from sensations
Those who share simple pleasures and crazy outings
Let's follow our instinct.

Keep on believing in the thrill of spontaneity
Feeling alive when we embrace the wind and the elements
Taking responsibility for our sudden impulses and heart's desires,
Refusing what's expected of us,
Let's escape from the everyday to better reconnect.

Let's be aesthetes and pleasure seekers
Let's be sporty and sociable
Let's stand up to moderation
Let's go for the thrills of the EXCESS!

"Moderation is a fatal thing.
Nothing succeeds like excess."
Oscar Wilde
